

# ST PAUL'S CATHEDRAL

The Chapter House St Paul's Churchyard London EC4M8AD

From The Clerk of the Works  
Martin Fletcher

December 2006

To whom it may concern

Miss Katie Worthington worked as a stone carver/mason for Stonewest Ltd. during the cleaning and repair contract to the West Front of St Paul's Cathedral in 2003 and 2004.

The majority of her work was on a Corinthian capital on the southwest bell tower, which she restored faithfully to the original carving and to a very high standard. She also did other external repairs to leaves on the pilaster capitals and decorative relief panels. At my request, she carved additional letters matching the original style on a plaque in the crypt.

Katie was offered a post with the St Paul's staff but declined due to her workload, as she was fairly sought after during her period working with us.

Katie is an extremely talented and conscientious worker and would be an asset to any company or private employer.

Martin Fletcher
